Subject: Non receipt and processing of Medical Bills.

Respected Sir,

It is learnt from different sources that a large number of medical bills, both outdoor & indoor in almost all the BAs are not processed by the concerned section even if some BAs they are refusing the to receive the bills. The respective assistants are bypassing their duties on the plea that their VRS option have been approved. Employees and retired incumbents are completely at the mercy of the concerned staff.

In our opinion this is gross negligence of duty. If it is kept pending like this a huge pressure of work will come after 31st January 2020 even if some bills might be misplaced.

In this connection you are requested to use your good office to issue instructions to concerned DGMs/ CAOs to look after the matter so that all the pending medical bills may be received and processed within 31st January 2020.

Thanking You,

Yours sincerely,

(SUBHASIS MITRA)
